

## Multifunctional Portable Amplifier T-303AP

### Feature

Using Ultra-low distortion amplifier

Intelligent low-voltage power circuit protection

Built in Ustick and MP3 recording

Compatible with DVD / VCD / PC and other audio sources

Professional bass&treble gain control circuit

Digital karaoke, independent bass and treble volume control

Unique acoustic design

Unique appearance, easy to carry

Built-in battery is suitable for outdoor activities

Using Professional high efficiency speaker

Built-in professional wireless microphone system

Use adapter to charging and working simultaneously

Model	T-303AP
Power	50W
Frequency Response	40Hz-18KHz
Input Sensitivity	600MV±100MV
Treble adjust	≥6dB
Bass adjust	≥6dB
Charger Working Voltage	AC: 110V-220V
Charging Voltage	DC: 14.5V
S/N Ratio	70dB
load impedance	8Ω
Speaker Drive	1 " ×1+12 " ×1
Product Size (mm)	375×310×620
Package Size (mm)	455×395×675=0.12
